

▲ SERIOUS INSECT CONTROL.

ARTEMIS BUG INTERCEPTOR

A READY-TO-USE LIQUID INSECTICIDE CAPABLE OF CONTROLLING A WIDE RANGE OF INSECTS.

Artemis Bug Interceptor is a broad-spectrum EPA-registered insecticide that kills the most common pests inside and outside the home, commercial facilities, food processing establishments, schools, hotels, and more.

Artemis Bug Interceptor can be used to control fleas, ticks, and lice on dogs, cats, and livestock. It also kills mosquitoes, scorpions, bed bugs, gnats and other bugs.

The ready-to-use formula offers both contact and residual insect control for up to four weeks at a time with just one application.

Newly-hatched insects are eliminated by this residual action. Reapplying every 30 days is recommended.
