MSR PLUS

**REMOVES MOLD AND MILDEW STAINING
FROM ANY HARD SURFACE WITHIN MINUTES.**

Ideal for use in attics, crawl spaces, basements, and confined areas, Artemis' MSR PLUS is a proprietary, ready-to-use, low-odor formula that removes tough mold and mildew staining in minutes. No surface is a lost cause with MSR PLUS. Restore stained surfaces to their former glory.

Simply spray MSR PLUS on wood, lumber, vinyl siding, concrete, tile, grout, fiberglass and other hard surfaces, and watch stains disappear.

Formulated for professional remediators and contractors to reduce labor, time and costs.

MSR PLUS FEATURES & BENEFITS

EFFECTIVE

Remove staining and restore surfaces with one application using a standard chemical-resistant, garden type pump sprayer or hand trigger sprayer.

LOW ODOR

Low-odor formula with no overpowering chemical smell.

FAST-ACTING

Removes stains in minutes.

READY-TO-USE

No mixing required.

COVERAGE

Using a standard chemical-resistant pump sprayer, 1 gallon typically covers 200-250 square feet of moderate staining. For more severe staining, an additional application may be needed.

TO PREVENT FUTURE STAINING

MSR PLUS eliminates staining and discoloration on various building materials, including wood, stone, concrete, siding, and other various hard surfaces.

To protect the surface from future staining it is highly recommended treating the substrate with an EPA-registered fungicide, like Artemis' Bio-Oxygen® Mold 100. MSR PLUS treats the staining and following with a fungicide helps prevent mold, mildew, and algae from returning.

After using MSR PLUS and allowing the substrate to completely dry, follow the treated surfaces with an application of Bio-Oxygen® Mold 100 using your preferred application method. By using both products consecutively, the staining and the source of the staining is addressed in an effective one-two punch.
