

SoRite Defense Cleanse Ready-to-Use Towelette advances your decontamination defense by reducing recovery time from OC/CS contamination to the facial area. Use after spraying SoRite® Defense Cleanse according to applicable instructions/training. After spraying, use towelette to blot affected skin tissues. Strobe and blink eyes rapidly. Do not rub eyes. This product is not for use on surfaces that may come in contact with food.

FIRST AID TREATMENT: Defense Cleanse is a mild eye irritant. After treating skin for 15 seconds, rinse eyes with water for 15 minutes. Blot eyes with clean towel. Use saline or lubricant eye drops for further relief. If consumed: Do not induce vomiting. Drink a glass of water. Can be irritating to sensitive skin. If on skin, rinse with water.

Refer to SDS for further details. www.SoRiteDECON.com

STORAGE AND DISPOSAL: Do not contaminate water, food, or feed by storage and disposal. Store in original closed container in a cool, dry place away from heat and open flame. Do not allow product to become overheated in storage. Avoid prolonged storage temperature above 53°C (128°F) and below 0°C (32°F). This may cause increased degradation of product, which will decrease product effectiveness.

Please recycle empty package if available.
