

**Significantly Reduces Recovery Time
from OC/CS/CN Pepper Spray
Contamination**

Patent #11,944,097 Additional Patents Pending

Spray available in 3 oz. and 1 Gallon sizes.

Wipes available in towelettes and 100 count canister.

For large scale training, ask about our  "Pepper Package" including everything you need for cleansing and rinsing.

SoRite® Defense Cleanse

Our patented, tested & proven technology was developed to dramatically accelerate recovery from exposure to OC/CS/CN/Pepper Spray.

Defense Cleanse is the only non-toxic, Sodium Chlorite-based solution that works to break down oil capsaicin and lift contaminants from the skin, all while soothing the burn! A must have to help personnel recover quickly in high-stress environments, correctional facilities and training scenarios.

Fast Recovery Following Exposure

Recovery time is reduced to under 10 minutes in most training situations when used properly according to SoRite WARP protocol.*

Cools the Skin

Lifts contaminants and cleanses the skin to start working fast.

Reduces the Effects of "Afterburn"

Helps eliminate contaminants from the skin that can cause reactivated burning sensations hours after exposure.

Safe, Effective & Proven

Defense Cleanse is non-toxic, non-reactive and leaves no residue. Scan QR code to watch real-time videos!

* Get Best Results With Our W.A.R.P. Protocol

W.A.R.P. stands for a quick, 4-step process:

- 1) **Wipe** face with eyes closed; 2) **Apply** spray with eyes closed; 3) **Rinse** with water and repeat until eyes open; 4) **Purge** with clean water for a full 10 minutes.
